

Yash Yogesh

Transportation designer grounded in problem-solving and user-centred design, with production experience across vehicles, healthcare, and consumer electronics. At Surface Moto, I took an electric two-wheeler from research through to a road-ready prototype, working inside real engineering and manufacturing constraints. Now at Umeå Institute of Design, sharpening how I think about mobility as a system rather than a single product.

Experience

Contour – Industrial Designer Jun 2024 – Jul 2026

- Delivered a range of freelance projects across 3D modeling, product visualization, and concept development, supporting startups and clients with agile, high-impact design solutions.

Surface Moto – Industrial Designer Feb 2023 – May 2024

- Contributed to the end-to-end design of an e- bike, integrating diverse feedback and applying research, ideation, modeling, prototyping, and ergonomics to deliver a production-ready product through iterative collaboration with stakeholders.

Indkal Technologies Pvt. Ltd. (Acer India) – Design Consultant Jan 2023 – Feb 2023

- Worked on 3D development for a new consumer product line, supporting Acer India's market entry with concept modeling and design visualization.

SKM Design – Industrial Design Intern Sept 2022 – Nov 2022

- Designed a cost-effective, portable ENT device for rural healthcare, addressing the lack of diagnostic tools in India's primary health centers through research-driven medical innovation.

Education

MFA in Transportation Design

Umea Institute of Design, Sweden.
Sept. 2026– Present

Bachelor’s of Design

Indian Institute of Information Technology, Design and Manufacturing, Jabalpur.
2019 – 2023

Skills and Strengths

- | | |
|----------|----------------|
| Adobe CC | Gravity Sketch |
| Figma | Procreate |
| Blender | Sketching |
| Keyshot | Prototyping |
| Rhino 3D | User Research |

Honors

XP Pen D’kalp Design Challenge National Winner
August, 2021

Patents

Real time Water Pollutant Monitoring System
Patent Published - IN 361772001

Croctus : Handheld Toy
Design Application Filed

Licenses & certifications

 Gravity Sketch Certified Professional

 Gravity Sketch Certified Designer
